FOREWORD

I am extremely delighted that the Directorate of Export Promotion & Marketing has taken the initiative to publish the 13th edition of the “**Directory of Exporters of Odisha-2014**”, which contains the detailed profile of the exporters, who have exported their products from Odisha under different sectors to foreign countries. The Directory will be of immense use to the Export Organizations, Financial Institutions, Export Promotion Councils and other State & Central Government organizations involved in export activities.

Total exports from Odisha in terms of value during the year 2012-13 has touched the level of Rs.11448 crore as per the available data, in spite of stiff competition and global recession in the international market. In the present scenario, I hope the exporters of the state will strive to perform better, so that the exports from the state will grow at least at 10% growth over the previous year.

I wish the publication a grand success.
